WHY TEACH KINDNESS?

Kindness isn't just a value—it's a skill students learn and use to strengthen their classroom experience, relationships, and futures.

When kindness becomes a shared practice, it grounds school culture in character and compassion, creating communities where students and teachers can learn, work, and belong.

“THE QUALITY IS GREAT”

“The Teach Kindness lessons are well written and researched. The quality is great. [For students] to be able to own their behavior and own their actions is a huge thing and Teach Kindness has helped them be able to do that.”

OUR IMPACT

"When I first came to Palmer [Elementary School] it was so hard for me to get used to the students. I didn't know how to make friends. Kindness helped me open up my brain and it helped me make friends."

~ Jamarvin,
6th grade student

"No one was gonna get past that wall. Now he's had three years of Teach Kindness lessons. Jamarvin has just grown and blossomed and wants to be here and is just flourishing."

~ Renee Robinson,
